Can't Help But Admire Babies

Every Woman Casts Loving Glance at the Nestling Cuddled in its Bonnet.

A woman's heart naturally responds to the charm and sweetness of a pretty child, and more so to-day than ever before since the advent of Mother's Friend.

This is a most wonderful external help to the muscles and tendons. It penetrates the tissues, makes them pliant to readily yield to nature's demand for expansion, so there is no longer a period of pain, discomfort, straining, nausea or other symptoms so often distressing during the anxious weeks of expectancy.

Mother's Friend prepares the system for the coming event, and its use brings comfort, rest and repose during the term. This has a most marked influence upon the baby, since it thus inherits a splendid growing system of nerves and digestive function.

And particularly to young mothers is this strength, and she remains a pretty mother by having avoided all the suffering and danger that would otherwise accompany such an occasion. Mother's Friend thoroughly lubricates every nerve, tendon and muscle involved and is a sure preventive for caking of the breasts.

You will find this splendid remedy on sale at all drug stores at \$1.00 a bottle, and is highly recommended for the purpose. Write Bradford Regulator Co., 134 Lamar Bldg., Atlanta, Ga., and they will mail you sealed, a very instructive book for expectant mothers.

SHOW THIS BOOK TO YOUR FRIENDS

Let Them Know All About This Great Opportunity Offered to Telegram Readers.

Those who have already secured their Panama books from the Daily Telegram should show them to their friends. Never before in the history of newspaper and book publishing has such an offer been made. The book is a work of art, it is called "Panama and the Canal in Picture and Prose," and is written by Willis J. Abbott, who is the author of many books of history and travel. This book is beautifully bound in tropical red vellum cloth, is twice as large as the usual size novel, and contains more than six hundred rare illustrations, many of which are reproduced from water color studies to full page size.

Your friends indeed would be proud to possess such a volume and when it is made known to them that they can get it from the Daily Telegram for six certificates and the small expense of distribution they will quickly take advantage of the opportunity. At the present time it behooves all progressive people to learn all they can of this mighty achievement, for the great canal will soon become a working factor among all the nations of the earth. Not only is the great engineering feat described in this book, but the country and people are shown in every phase and from every angle, both in picture and prose.

Taken as a whole, the story is complete, and nobody could get a better understanding of the subject, even though months were spent in the Zone, than could be gained by reading this interesting narrative. In another column of this issue is printed a Panama certificate. Six of these certificates and expense amount shown therein will put you in possession of this \$4 volume without further cost. Clip that certificate today.

FEDERAL

(Continued from page one.)

He could see the maneuvers with field glasses. At that hour fighting was still in progress south of Juarez but the battle had ceased at the town of Zaragosa, twelve miles east of El Paso. The fighting there opened early. Inez Salazar, a former rebel general but now a Huerta commander, was said to be leading the federals. "He was several times today reported a prisoner but officials in Juarez declared they knew nothing of his capture. The fighting was heavy at Zaragosa, the roar of artillery being plainly heard in El Paso all morning. Juan Medina, chief of staff of General Villa, at noon said the federals had been driven back thirty miles except those at Zaragosa. This was the second day's conflict between the armies said to total from 10,000 to 12,000 men. The federals opened yesterday afternoon by attempting to flank Villa on the west in an effort to get behind him and attack Juarez from the northwest but were repulsed. Then an attempt was made on the rebel center but this also failed. It was announced today that Colonel Talamantes, of the rebel forces, was killed in battle last night.

ALL QUIET AT TUXPAM COMES BY A WIRELESS

(BY ASSOCIATED PRESS)
WASHINGTON, Nov. 25.—"All quiet at Tuxpam" was the message by wireless early today from Rear Admiral Fletcher on the battleship, Rhode Island, steaming with John Lind for the most important oil port on the Mexican gulf coast. The battleship New Hampshire already is at Tuxpam. The Constitutionalist general, Anguilar, has renewed his assurances that his men will commit no depredations on the valuable British and American oil properties there, which are the subject of so much concern.

JORDAN GUILTY

Of Breaking the White Slave Law is Verdict of a Federal Court Jury.

(BY ASSOCIATED PRESS)
CHARLESTON, Nov. 25.—George Jordan was convicted in the federal court here today of breaking the white slave law. The jury recommended leniency and Jordan's attorney made a motion to set aside the verdict. The motion will be argued later in the day. Jordan was released on \$1,000 bail pending the decision.

Ruth Steele, the Ironton girl, whom Jordan was accused of having brought from Ashland, Ky., to Charleston, and who appeared against him, will likely recover from the poison she said she had taken with suicidal intent.

JUST ONE POINT

In His Batting Average Record Keeps Right Fielder Out of \$1,000.

(BY ASSOCIATED PRESS)
BOSTON, Mass., Nov. 25.—Harry Hooper, right fielder of the Boston Americans, failed by a single point to attain a batting average last season which would have brought him an additional \$1,000. When the official averages were published yesterday, it was found that Hooper had batted .289. In his contract it was provided that he would receive a bonus of \$1,000 if he succeeded in making an average of .290 or better.

EAT LESS AND TAKE SALTS FOR KIDNEYS

Take a Glass of Salts if Your Back Hurts or Bladder Bothers.

The American men and women must guard constantly against kidney trouble, because we eat too much and all our food is rich. Our blood is filled with uric acid which the kidneys strive to filter out. They weaken from overwork, become sluggish; the eliminative tissues clog and the result is kidney trouble, bladder weakness and a general decline in health.

When your kidneys feel like lumps of lead; your back hurts or the urine is cloudy, full of sediment or you are obliged to seek relief two or three times during the night; if you suffer with sick headache or dizzy, nervous spells, acid stomach, or you have rheumatism when the weather is bad, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys; to neutralize the acids in the urine so it no longer is a source of irritation, thus ending bladder disorders.

Jad Salts is inexpensive; cannot injure, makes a delightful effervescent, lithia-water beverage, because nobody can make a mistake by having a good kidney flushing any time.—Advertisement.

STRENGTH FOR OLD PEOPLE

Old people, to overcome the weakening, debilitating effects of increasing old age, often make a very sad mistake in using so-called "remedies" that contain alcohol and dangerous or habit-forming drugs. Often this stuff, because it stimulates and brightens them, a pa little just after taking a dose, leads them to imagine that it is going them good, when it isn't. Remedies that rely for their sale on such deceit, do harm, because the false excitement of the nerves and heart leaves them worse than they were before.

Renall Olive Oil Emulsion is a real medicine—a splendid body and strength-builder, especially good for old people, because it furnishes to the system ingredients necessary to rebuild wasted tissues, strengthen the nerves, give new energy and a younger and livelier feeling to the body. It doesn't contain a drop of alcohol nor any dangerous drug. It may not make you feel better after the first dose, nor perhaps for several days. But if you don't feel much better and stronger before you have taken a quarter as much as you have of other medicines that didn't help you, we will gladly give you back your money. That's certainly a square deal.

The four Hypophosphites it contains are used by leading physicians everywhere in debility, weakness and liability to disease, to tone and strengthen the nerves. Purest Olive Oil, one of the most nutritious, most easily-digested foods known, being taken with the hypophosphites, gives rich tissue nourishment to the entire system.

You who are weak and rundown, and you who are apparently well now but are liable to suffer from various cold weather ailments, use Renall Olive Oil Emulsion to get and keep well and strong. For the tired-out, run-down, nervous, emaciated or debilitated—the convalescing—growing children—aged people—it is a sensible pleasant-tasting aid to renewed strength, better spirits, glowing health. If it does not help you, your money will be given back to you without argument. Sold in this country only at our store—The Renall Store—one of more than 7,000 leading drug stores in the United States and Great Britain. Store of Wilson, 310 West Pike street, Clarksburg, W. Va.—Advertisement.
